**General Residues of Pesticides Statement Fruit and Vegetables**

With regard to residues of pesticides in fruit and vegetables, SVZ International B.V. declares the following:

- 1. Regulation (EC) No. 396/2005**  
With regard to "Residues of pesticides" all our products are complied with Regulation (EC) No. 396/2005 and subsequent amendments.

In order to meet the requirements of the above mentioned regulations, SVZ takes the following steps:

- A) Protective screening of the raw material**  
Statistic and at random control of the grower's logbooks of our major crops. The results are compared with the domestic law in the country of origin of the raw material.
- B) Control by analysis**  
Products are tested for residues of pesticides according a pesticide monitoring system. This system is annual evaluated and updated, and is part of the HACCP system. The controls are conducted by independent accredited laboratories The analysis package depends on the crop and includes comprehensive list of possibly used pesticides, herbicides, fungicides and insecticides

SVZ International BV is a Royal Cosun Company  
ING Bank: IBAN. NL59.INGB.0664.188.222 BIC. INGBNL2A K.v.K.: Breda 20067726 VAT no.: NL-005.928.941-B01

All our offers as well as all our undertakings with us, are subject to our general terms and conditions of sale and delivery (filed at K.v.K. Breda 20067726 on 22 April 2002). These conditions are available for perusal at our offices and will be sent to you, free of charge, on request. The applicability of any other conditions is hereby explicitly rejected.

**C) Tracking and Tracing**

SVZ International B.V. has a tracking and tracing system in operation. All relevant quality information can be traced during production, storage and delivery of the finished product. In other words, we can trace our fruits and vegetables back from our customers to our suppliers. However, due to the fact that our suppliers purchase from many different farms, only in certain cases we can also trace the product right back to the individual farmer. The tracking and tracing system of SVZ is in accordance with the E.U. General Food Law starting January 1<sup>st</sup>, 2005.

**Conclusion**

Based on the above mentioned information we can conclude that, to the best of our knowledge, SVZ International B.V. is able to meet Regulation (EC) No.396/2005 and subsequent amendments.

On behalf of SVZ International B.V.
